

Dr. K. Koshy George

Professor

Qualification:

B.E. from University of Mysore

M.S. from IIT Madras

Ph.D. from IISc, Bangalore.

Professional Experience: 10 years (post-doctoral) of teaching and research**Profile**

He obtained his Bachelor of Engineering, Master of Science (by Research), and Doctor of Philosophy respectively from the University of Mysore, IIT Madras, and IISc, Bangalore. He has held postdoctoral positions at Seoul National University, Korea, Delft University of Technology, The Netherlands, and Yale University, USA. After being with M. S. Ramaiah Institute of Technology, Bangalore, India, for a few years, he has been with P.E.S. Institute of Technology, Bangalore, India, since 2006. He has published over 25 papers in national and international journals and conferences.

Areas of Interest:

- Adaptation and nonlinear systems

Publication:

- International (Journals/Conferences): 22
- National (Journals/Conferences): 7
- Book Chapters: 1
- Books: 1

[For more info...](#)**Others:**

- Fellow, Institute of Electronics and Telecommunication Engineers (IETE)
- Senior Member, Institute of Electrical and Electronics Engineers (IEEE)
- Life Member, Indian Society for Technical Education (ISTE)
- Visiting Faculty, IISc, Bangalore, under PROFICIENCE, Continuing Education Programme.
- Invited Talks: 8
- Short-term courses: 3

Current Research Interest:

- Intelligent systems
